The perfect homeowners cart for storing and transporting clamp on outboards. Transport and service small **clamp-on** outboards using our ME-145. All steel powdercoated construction with a composite board transom keeps this cart lightweight yet solid for easy movement and a very stable base for your small clamp on outboard. Fits through a standard door. 5" tall x 1 1/4" wide soft rubber swiveling casters for smooth and quiet moving over garage floors and light terrain. Each caster is rated at 250 lbs each. Modular construction allows for easy shipping.

*Please Note: Antique Motors may not be the modern dimension, please check if they will fit a 1.5" transom.
