The ME-180-LU Lower Unit Holder slides easily into the base mount(ME-180-WBB) for easy maintenance on lower units. The rubber coating protects the drive from scratches. \$113.99 including shipping.

You will also need to purchase the ME-180-WBB to hold the ME-180-LU, it is not included at this price.

Add the ME-180-WBB Workbench Base Mount for \$113.99 including shipping. The ME-180-WBB bolts to a flat surface (hardware not included) to hold the lower unit and upper gearcase adaptors for easy maintenance.

Add the ME-180-UG Upper Gearcase Holder for \$143.99 including shipping. The ME-180-UG is adjustable to fit most gearcases. It easily bolts to the mounting area of the I/O drive for maintenance.

Add the ME-180-ALU Adjustable Lower Unit Holder for \$193.99 including shipping. The ME-180-ALU slides into the ME-180-WBB (sold separately) for easy maintenance on lower units. Our easily adjustable lower unit holder features a non-marring composite material on the clamping surface to protect the lower units. The round attachment slides into the base unit and allows it to rotate to the best angle for servicing.
