

## Nine Outdrive Storage Rack EXTENSION

Drawing of New Style 9 Outdrive Storage Rack

ME-114 EXTENSION is an ADD ON option for the ME-114. Bolt as many sections together as you want for unlimited storage options. \*Please remember you must buy the ME-114 first, as the EXTENSION is shipped with only 1 leg and will not function on its own.

**\*Please note the ME-114EXT ships on a skid and must be shipped to a business location with the proper unloading facilities.**

=====  
Above Drawing depicts the old style 8 outdrive storage rack, the new style 9 outdrive storage rack will fit 5 units on the bottom row and 4 units on the top row.

Need to store more than 9 outdrives / sterndrives? Get the ME-114 EXTENSION, an add on option to our standard [ME-114](#). As you can see in the photo, the EXTENSION is made with scratch-preventing sheaths and powder coated just like the standard ME-114 (shown in gray), the EXTENSION only ships with 1 leg instead of two so you can bolt it directly to your standard unit - creating a longer storage unit. The included 3.5" bolts make connecting the standard and EXTENSION very easy. The best part of the EXTENSION is the unlimited amount of storage

available by ordering a single [ME-114](#) and as many EXTENSIONS as you want.

[Click here](#) to order the standard ME-114.

**1 leg with wheels is shipped with the upper and lower storage racks and 3.5" bolts, MUST BOLT ONTO STANDARD ME-114 (will not stand on it's own)**

Scratch preventing rubber sleeves protect your outdrive
