ME-210AT

Want something more rugged? Think about giving our ME-210AT a try.

- Capacity 1600 lbs

- Dimensions Length: 36 inches
  Width: 24 inches
  Height: 38 inches
  Between Shelves: 22 inches
- Weight 135 lbs
- Materials 1/8" Steel
  Red or Black Powdercoat
  10" Foam Filled Tired, 400lb capacity (2 Swivel/Braking, 2 Rigid)

Featuring our 10" foam filled tires, this cart can roll easily outdoors or anywhere you like, and with a weight limit of 1600 lbs it is still an extremely heavy duty shop cart. The larger foam filled tires add 4 inches height to the cart, so the bottom shelf sits 12" from the ground and the top shelf at 38". To order the 210 with All Terrain wheels, simply find the drop down menu just above the "Add to Cart" button on this page and choose the second option for the "10" All Terrain Wheels".
